This Green Aluminum Single Roll Bag Dispenser by DOGIPOT provides an inexpensive way to reduce your dog waste issues around your outdoor areas. This dispenser is easy to install in many indoor areas, so dog owners can grab a bag on the way out the door. Apartment complexes can immediately improve their appearance with this simple addition in their buildings. The dispenser manages to be very noticeable and visible while also remaining charming in most indoor contexts. Simply mount it on any available walls, and let the clean up work take care of itself. The dispenser is also easy to use, with a single opening at the front. Loading bags is as simple as removing the old box and dropping the new one in. If you are looking for an outdoor dispenser option, DOGIPOT also offers the Green Aluminum Header Pak Junior Bag Dispenser, Green Aluminum Junior Bag Dispenser, and Green Polyethylene Junior Bag Dispenser.
