The Green Polyethylene Single Roll Bag Dispenser by DOGIPOT gives dog owners an easy way to grab a bag for waste on the way out the door. This affordable indoor dispenser, made of durable polyethylene, can be mounted on most walls, and is ideal for that space right next to the door. The box includes clear instructions and an opening wide enough for anyone to quickly snatch a bag as they walk by. The dispenser can hold up to 200 bags, and it's easy to reload when you run out. And, to get you going, this product comes with the first set of bags included in your purchase. By providing a Green Polyethylene Single Roll Bag Dispenser, you can be sure that local dog owners are always responsible and pick up after their dogs. This item is also available as the Green Aluminum Single Roll Bag Dispenser. DOGIPOT also has larger outdoor bag dispensers available.
