- Adjustable size makes transportation and storage convenient
- Allows mounting of accessories such as signs and bag dispensers

Get a rust resistant post that perfectly mounts all your DOGIPOT products with the 8-Foot Galvanized Steel Telescopic Square Post. This particular post offers far more options than their competitors because it can be extended from 4 feet and up to 8 feet in length, making it perfect for different uses depending on your situation. The holes along the side allow you to choose where you want to mount your signs, waste receptacles, and waste bag dispensers. This post doesn't just stand strong in the shining sun, it will also stand strong during harsh weather conditions. meaning your signs will remain upright and your waste receptacles won't tip over when there's a bit of rain or wind. If you are interested in other post options, consider DOGIPOT's 4-Foot Galvanized Steel Square Post and the 8-Foot Polyethylene Telescopic Square Post.
