Use the 50Pak DOGIPOT Informational Doorhangers as a polite but direct way to let the residences of your community know that a new DOGIPOT Pet Station or dispenser has been added to your park. In many communities, dog owners may be unaware of the dog waste dispensing options available. At other locations, some owners could use a gentle reminder of their obligations to their neighbors. In either case, these doorhangers offer a simple way to make sure everyone is on the same page about keeping the area clean. All you have to do is hang them on your neighbor's door and leave the rest to the text on the hanger. This text is designed to be both informative and to encourage readers to engage in better dog waste management. They are also a fantastic way to remind your dog owning neighbors in a friendly way that they should pick up their dogs waste. These doorhangers come shrink wrapped in packs of 50, so you can easily purchase the right number for your neighborhood or local community.
