MSRP \$1,481.00

SALE \$1,259.00

Highlights:

- Can be used with any size dog
- Adorable dog shapes on either side
- Quintessential dog competition event
- Height adjustable jump with three settings

If you want to improve your dog's confidence when it comes to jumping bars, then the BarkPark Rover Jump Over fits the bill perfectly. It is jump bar challenge where the bar itself can be easily adjusted to suit all abilities and stages in training, so as your dog's jumping precision and confidence increases, the bar can be raised to present new challenges. Simply move the bar up the higher notches in the frame. If your dog is perhaps lacking in confidence at first, the jump bar will automatically drop down if it is struck, minimizing the possibility of injury to your pet. The rigid mounting means that it fits securely to the ground so you don't have to worry about it breaking when in use.
