- Bright colors that stay
- All bases come in black
- Sports a walk-through design
- Additional support bar along the bottom of the bases

The Recycled Plastic Park Place Picnic Table combines durability with a modern contoured look and feel. It is bold and contemporary, and is made from recycled plastic. This makes it an environmentally friendly product that you can feel about when adding it to your outdoor setting. It is made from Resinwood slats and black Elite style bases. The table comes with heavy duty, zinc coated hardware that are sure to hold up rain or shine for years to come. Whether you need one table or you are looking to stock an entire campground, the Recycled Plastic Park Place Picnic Table certainly will not disappoint, especially with an available matching ADA model.
