

## Large Message Center

**MSRP \$1,324.00**

**SALE \$1,165.00**

### Highlights:

- In-ground mounting for a more secure post
- Angled top to keep water from pooling at the top
- Marine grade cork and coated locking mechanisms
- Shatter resistance clear sheet protects from vandals

---

The Large Message Center is ideal for posting valuable information in busy parks, zoos, or amusement parks. This message center stands out from others because it features a clear plastic sheet that is shatter resistant, as well as specially coated locking mechanisms and marine-grade cork that is top quality. It is made from Resinwood, making the entire piece weather resistant. The post is 8' before the install, the corkboard is 33" high x 45" wide, and the outside of the message center (not including the posts) is 36" high x 51" wide. Use 2 sets PB1995 (surface post mount – sold separately) to mount the message center. Order it as one or two-sided, with or without two posts, in cedar or green. The Large Message Center will keep your messages safe, and last a long time.
