### COMPLIES With:

ASTM F1487-17

CPSC PUB #325

The Elite Series 5 inch Single Post Swing 8 Foot boasts a clean, straight lined look. With simple single posts on either end and separating each bay, the overall look is minimalistic in nature. As it can only be ordered with a top rail height of 8-feet, it works in playgrounds for infants to elementary school children. Whether you choose to use belt seats, bucket seats or adaptive swing seats, it is sure to bring smiles to the children in your community's faces. A bay holds two belt seats, two bucket seats or one adaptive swing seat, meaning that with only a few bays, multiple children can play at once. The swing set is available in a variety of powder coat paint colors at a 6 to 7 week shipping time. Cobalt Blue and Rainforest Green can be ordered as quick ship items for those that need a swing set fast. Choose to buy black belt seats and chains as a package or take a moment to check out our wide variety of belt, bucket and adaptive seats before placing an order.
