COMPLIES With:

ASTM F1487-17

CPSC PUB #325

ADA Compliant

The Wild Card Fitness Course puts the excitement in exercising with its playfully challenging design. Children will not be able to resist going the extra mile as they try to keep up with their friends. And keeping up will be hard because every inch of this unit has an interactive activity lurking. The Floating Tunnel Climber is a great starting point for young adventurers. It is connected to the Overhead Horizon Climber that provides an intensive hanging challenge. Next, the Cargo Climber and Zig Zag Challenge Bridge continue the hanging motif. The 3-Wheel Overhead Climber, Craggy Climber Straight Section and Standing Orbital Spinner are the final attachments and each brings something uniquely fun to this already bursting unit. Children will be so engrossed in their playing that they won't even realize that they are getting healthier in the process.
