### COMPLIES With:

ASTM F1487-17

CPSC PUB #325

### ADA Compliant

Can you handle the challenge? The Front Runner Fitness Course is designed to test the fitness abilities of older children. With lots to do, this unit is as fun as it is physically challenging. Pebble Climbers scatter the ground connecting the various components; allowing for a seamless transition into other parts of the course while improving balance. Climbing is a major theme presented in this structure. The two Floating Tunnel Climbers, Chain Climbing Walls and Lily Pad Challenge Climber will test even the hardest of grips. The Triple Horizontal Bars and Overhead Quadruple Swinging Ring Ladder emphasizes hanging and allows for physical advancements in upper-body building. Once children have finished climbing, they can work on their balance with the Log Roll and Surf Bouncer. The Front Runner Fitness Course is the ideal choice when wanting to combine an outrageously fun and physically challenging experience. Children will get the best of both worlds when playing on this system.
