The Clash of the Tridents Playground is a kingdom of its own that mimics the shape of Poseidon's weapon. A wide range of children can easily play on this structure, from toddlers to preteens. The Left Turn, Wave and Right Turn Slide make up the fork, while providing a variety of fun slides that children can glide down. In addition to the three slides, there is the Double Slide that is twice as fun as children can slide down with a friend. For access to the slides kids can climb up to them using the Sea Creature Climber. This structure is also ADA accessible as its bottom panels and activities provide access to those who may not be able to climb the structure. These panels include the Bench Panel, Bongos, Store Panel and Ship's Wheel. This structure comes Quick Ship in Primary and Neutral colors, but you can choose to custom color it. Custom colors are available and typically take around 6-8 weeks to ship.
