Enjoy the calm as little hurricanes of energies sweep over the Wrath of Calypso. A straight-forward design that is meant to funnel children through the whole of the play system. Children are given three clear entry points to the set of three slides: two climbing and one set of stairs. For a gentle start to their mission, children can scale the Sea Creature Climber. For those ready for a challenge, children can ascend the Vertical Ladder to cross the Overhead Straight Rung Horizontal Ladder. Once at the top, they can take the wave slide or one of the two turn slides down. Beneath the slide deck hides a Store Panel, Ship's Wheel and Bongos for those that are looking for a ground level adventure. The structure is designed to be ADA compliant encouraging all children to play together.
