Interest older children with the space savvy East End Playground. The structure immediately draws children in with its Pod Climbers stacked on one side and the long arching Overhead 90 Degree Swinging Ring Ladder. On the backside, a Vertical PE Rock Climbing Wall leads to the top deck. For those more interested in music, there is a Single Drum and a Rain Wheel on different areas of the system. When children decide to head up one of the climbers or the Transfer Station, they are greeted with a 3-foot Wave Slide and a 5-foot Double Wave Slide. The entire system is made up of PVC coated decks, powder coat painted steel, rotationally molded plastic and even polyethylene for an exciting look that can be colored with any of our custom colors for a truly original structure that fits your community perfectly.
