King Ranch Playground is a slide lovers dream. Two distinctive slides twist out from the main body of the structure effectively drawing attention to the structure. The Spiral Slide is a classic fan-favorite that adds a twist to the traditional plastic descending process. The Curved Tube Slide that lives on the other side of this unit, can be outfitted with clear plastic or any of our other plastic colors which allows for a unique experience that'll keep kids returning. The Bench Panel, Store Panel, Single Drum and Rain Wheel surround the base of the structure; ensuring easy accessibility. The elevated level is home to the Tic Tac Toe Panel which will slake a child's thirst for competition while also building important social skills. The King Ranch Playground will become a favorite to those who play on it.
