The Tortola Rock Playground is a compact, preschool-friendly supplement to almost any space. Kids can choose how they play. There are activities hanging off of the unit that are accessible via the ground while the elevated decking boasts different areas for children to entertain themselves. On the ground, a Single Drum and Bongos await a kiddie jam session. Playing with these rhythm instruments improves timing, hand-eye coordination and overall music appreciation. A Tic Tac Toe Panel lives above and provides kids with a mind workout. Two different slides send kids on an exhilarating ride to the bottom and restarts the cycle. The Double Slide instills camaraderie in children riding together and can turn acquaintanceships into friendships. The Tortola Rock Playground is a fun haven that exudes safe and fun ways to play while keeping everything condensed.
