The Mystic Falls Playground will make any park, outdoor venue or school grounds a magical place. Part of the arcane draw to this unit has is its ability to fit up to 73 children playing concurrently. Budding friendships are inevitable with the myriad of activities. An upper body challenge is ready to be taken on with the Overhead Swinging Ring Ladder. It is home to seven rings that sway omnidirectionally adding to the innate difficulty in its design. Trying to go faster and faster becomes an addictive challenge for even the most experienced of climbers. For less intensive fun, four slides are ready to embrace children in their roto-molded plastic arms. Three of them are Straight Slides at varying heights and the last one is a bigger Spiral Slide. The Mystic Falls Playground is sure to enchant mobs of children that are hungry for fun.
