Use Zone: 27' 10" x 28' 7"

COMPLIES With:

ASTM F1487-17

CPSC PUB #325

ADA Compliant

There are more ways to play than four on the Fabulous Four Playground. Laid out in a giant square made up of four smaller decks that wind up around a central post, it's obvious where the play structure got its name. Children can approach the structure from the five Pebble Climbers arranged in slowly rising pattern or take the Transfer Station up to the 3-foot deck near the top. Once on the structure by the Pebble Steps, a Gear Panel and Tic Tac Toe Panel both wait to be spun whether as a game or just for fun. On the 4-foot deck at the top of the structure, there is a Bubble Panel for children to look out as they blast off into space. For those that are ready to return to ground level, they can take a 3-foot or 4-foot Right Turn Slide. The fun is just beginning once they are back on the ground. A Store Panel is open for business, a Single Drum awaits their next concerto and a Rain Wheel brings the soothing sounds of rain. Order in any of our preset color schemes or bring your own imagination to your order by choosing any combination of our custom colors for your structure.
