COMPLIES With:

ASTM F1487-17

CPSC PUB #325

ADA Compliant

The Topanga Canyon Playground is a web of activities, slides and places to climb. This unit's massive size has three different levels waiting for curious, school aged children eager to discover. Four completely different slides highlight each corner of the structure. The Spiral Slide sends kids on a 360 degree spin downward, the Right Turn Slide exits children near some ground-based activities, the Wave Slide is a bumpy ride and the Tube Slide is an enclosed 4-foot drop. Slides aren't for every child, luckily, this unit is dotted with numerous panels that provide non-slide entertainment. The Tic Tac Toe Panel and Gear Panel persuade children into using their minds which is a welcoming respite from the strenuous physical-themed activities. Several Climbers hang off of the unit and give children easy access to different areas; creating a personalized play. The Topanga Canyon Playground will become a child's home away from home.
