COMPLIES With:

ASTM F1487-17

CPSC PUB #325

ADA Compliant

The Sunshine Special Playground will brighten just about any kid's day. This almost symmetrical unit has fun placed at every corner. On the ground, copious creative activities reside. A Ship's Wheel for aspiring shipwrights, a Car Panel for pretend car races and a Store Panel for the store of their dreams. Getting to the top is more of a physical challenge. The Pea Pod Climber, Snake Climber and Vertical Ladder all provide different experiences for those scrambling up the structure. The deck above hosts more fun like two different slides that glide children down to opposite sides of the structure. This gives kids an element of choice to their playground experience. The Straight Slide is a classic drop and the Wavy Slide is a bumpy ride to the ground. The Sunshine Special Playground will bring a smile to the faces of kids and parents alike.
