### COMPLIES With:

ASTM F1487-17

CPSC PUB #325

### ADA Compliant

Take a stroll through the Sunset Village Play Structure. Extending between two activity hubs is the Arch Bridge that sets the tone for the entire design of the structure while making it easy to explore. On one side sits a 4-foot Straight Slide with a Spiral Climber with and on the other is another 4-foot Straight Slide with a Rock Hole Climber. Scattered among the bottom posts sit activities to start the creative juices flowing. The Ship's Wheel transforms a simple day at the park into a wind-whipped adventure to an unknown island. The Rain Wheel summons a symphony of sound that envelops the thirsty plains. The Bongos and Single Drum both stir up a dance around a campfire. Meanwhile, it is just another day in their home village at the Store Panel. Choose any of our custom colors to create a unique play experience for all of the children that are sure to visit your playground. The entire structure hits all three points of the trifecta of an amazing playground: climb-able, slide-able, and imagine-able.
