

Adirondack Ottoman

MSRP \$196.00

SALE \$172.00

Highlights:

- Built to complement Adirondack chairs
- Marine grade stainless steel hardware
- Recycled plastic Resinwood requires zero maintenance
- Ottoman protected against fading from UV rays

Sometimes, you just need that little extra room to really stretch out and take a load off. Thankfully, that's now easier than you might imagine. When you pair the Adirondack Ottoman with any Frog Furnishings Adirondack chair, the result is complete comfort and relaxation. This ottoman is designed to perfectly compliment the whole Adirondack gallery, including the Adirondack Clearwater Chair, Adirondack Pensacola Chaise Lounge Chair, or Adirondack Seaside Chair. Made entirely of recycled plastic and reinforced by stainless steel hardware, this ottoman doesn't just look and feel good, it also requires zero maintenance to stay that way. In addition, it is protected against fading with UV stabilizers, so you don't have to worry about the beautiful color you choose losing its luster next summer. This ottoman is good for the environment, good for your relaxation, and good for years to come!
