- Exciting balance beam
- Interesting shape lends itself to imaginative play
- Friendly face makes him very approachable

Age Group: 2 to 5 years

Footprint: 2' x 5'

Use Zone: 14' x 17'

A twist on the traditional balance beam, the Gator Walk by Little Tikes appeals to small children! Designed with the age range 2 to 5 years in mind, this climbing sculpture allows them to work on balance while enjoying the gator design. The detail makes the Gator Walk just as much fun to look at as it is to climb on and over! The wide back of the Gator Walk is better for youngsters learning balance than the slimmer regular balance beam.
