Lauren offers four play decks available for all ages of children to play on. This equipment is affordable and includes a transfer station for ADA access. Available in 3.5 and 5 inch post sizes. The Lauren is a popular structure design for church and smaller school playgrounds. Most commonly purchased as shown in tan and green, the Lauren is built to your specification of color. Each deck attaches directly to posts without clamps through manufacturer installed threaded inserts. The inserts assist in an easier installation process that takes out guessing.
