The Sandstone Quarry Play System is a landslide of excitement. This massive unit can easily entertain numerous children simultaneously. This unit is made up of two large hubs that are connected with various Curved Tube Bridges. These hubs have many activities that are ready to be used. This system has four different slides that bring a different experience to the school yard. One of which is 7-feet above the ground; giving adrenaline-lovers a fun outlet. The Sandstone Quarry Play System isn't all elevated fun with a Car Panel, Bench Panel, Store Panel, Single Drum and Ship's Wheel on the ground. Several climbers line the outside of the unit and give kids an option for where and how they clamber. This system is a great way for kindergarteners and older to make friends through organic social play.
