The Spiral Climber and Crab Step allows access to the more relaxing panels; the Maze Panel and Gear Panel are both perfect for a child in need of a breather. Now the fun begins, the Tilted Lily Pad Climber is a fun balancing act that connects to the Chain Climbing Wall. There is also a Standing Orbital Spinner that'll test brave kids' upper body strength and a Curved Panel Climber for aspiring cliff scalers. Last, but not least, the Wave Slide is a great reward after hours of tiring play. The Adventures in Amazonia Play System promotes healthy activity that will keep kids entertained and challenged physically. Exercising becomes less of a chore once you step foot onto this amazing playground.
