COMPLIES With:

ASTM F1487-17

CPSC PUB #325

ADA Compliant

Children will explode with excitement on the Firecracker Frenzy Play System. Older children will love the 4 and 6-foot deck heights that allow them to climb higher and further to stretch themselves. Climbers will be entertained with the Figure Climber that provides a warm up to the more challenging Twisted Arch Ladder to a 6-foot deck or also the topsy-turvy Cyclone Climber Attachment with hand and foot holds evenly spaced on its front and back. Once children have reached the top, they can take one of two Straight Slides or brave the Wave Slide from the highest deck. Those that aren't ready to slide just yet can crawl through the Tube Bridge that connects two parts of the play set. At ground level, children can have a word with their friends on the Bench Panel or spin the Ship's Wheel guiding their imagination to new seas of thought. Choose any of our colors to create your own palette of inspiring play or take one of our preset color combinations to bring your playground alive.
