CPSC PUB #325

ADA Compliant

The Clarion Clave Play System makes itself loud and clear with the vast amount of fun it brings. This structure by Playground Equipment Dot-com features a lot of different activities that will aid in imaginative play, muscle development and sense stimulation. There are three slides - the Double Slide, Straight Slide and Right Turn Slide - which children will glide down with ease. Their physical strength will be tested and enhanced with the Sea Creature Climber, Twisted Rung Ladder, Vertical Ladder and Ribbon Climber. The Inclined Tube Bridge and Tube Bridge can also help in muscle strength while providing an exciting portal from one side to another. There are also activities on the bottom to keep them occupied such as the Ship's Wheel, Rain Wheel and Bench Panel. It is shown in yellow and green colors but you can make it your own by choosing your own color scheme.
