Use Zone: 30' 10" x 27' 2"

COMPLIES With:

ASTM F1487-17

CPSC PUB #325

ADA Compliant

Children will be running in circles to keep riding the slides on the Circus Maximus Play System. Creating a small playground that will interest even elementary school children can be a tall task, but the Circus Maximus is up to it. It has two slides: 6-foot Right Turn Slide and 3-foot Right Turn Slide. To get to those fun slides, a Wavy Snake Climber slithers up the side providing children foot and hand holds up to the 3-foot slide. Just a hop and a skip away, an Arch Climber leads to the higher 6-foot slide. Both slides are accessible from the Transfer Station at the bottom of the stairs making it an inclusive structure. In addition, a Bench Panel and Ship's Wheel make this structure fully ADA Compliant. With a Gear Panel ready to be spun at the top, the entire structure is ready to go except for the color. Simply choose powder coat paint colors as well as your plastics to complete the look.
