- Dust-Resistant Powder Coat

---

Safely contain campfires with the Multi-Functional Fire Ring by UltraSite. The durable, rust resistant grill is able to handle high temperatures. The finish is a black powder coating. This grill features a permanently mounted, four level adjustable cooking grate. The cool coil handles allow you to safely raise and lower the grate. The outer wall is a 7 gauge with a one inch safety lip. Staple anchors allow a permanent inground mount. Choose between grills that are 7, 9, or 18-inches high. The 18-inch high model is ADA accessible. The Multi-Functional Fire Ring has 285 square inches of cooking surface.
