The easy to attach Heritage Bench Center Arm Rest by Frog Furnishings is the perfect way to divided your Heritage Bench so that both sides have two arm rests. This arm rest is designed only for the Recycled Plastic Heritage Bench and can only be placed in the center of the bench. In other words, it's not designed to replace an end piece armrest but to add a new dimension to your bench as it is. The arm rest is made of heavy duty cast aluminum that is powder coated either black or green to match your current bench. This guarantees a long lifespan for your new piece. The Heritage Bench Center Arm Rest will add a new level of comfort for your park goers as they enjoy their more adequately divided space on their bench. Add this component to your bench today.
