Marie is a fun 3 deck modular playground system. The simple design allows this equipment to be fun and safe, offering climbing and sliding activities. Available in a heavy duty 5 inch post and the affordable 3.5 inch post. The crawl tube provides a fun ground level event. All metals of the Marie are powder-coated galvanized steel. Like Marie, the majority of play equipment on Aaastateofplay.com is custom built to your specifications and a specific amount of lead time for manufacturing.
