

6 Foot Straight Tunnel Slide

Price \$8,488.00

Highlights:

- Enclosed slide with holes along the length
- More exciting as the child can't see where they're going
- Safe stairs behind that lead up the slide
- Customize your slide by mixing and matching plastic and metal colors

Age Group: 5 to 12 years

Footprint: 3' x 16'

Use Zone: 15' x 28'

The straight tunnel slide is made from the same commercial grade products as all SportsPlay brand equipment. This commercial play slide is a simple yet effective solution to offering a freestanding playground activity for children ages 5 through 12. The custom built stairs and rails enter to a six-foot high deck offering a long straight tube. The slide, posts, and rails come in an assortment of customizable colors. AAA State of Play recommends this product for any commercial or public playground including and not limited to schools, parks, and churches. Find other great playground slides online or call a AAA State of Play to speak about a custom slide solution for you playground needs.
