Children ages 6-23 months need equipment that will enable them to play and learn whether they are crawlers or walkers. The Discovery Center Seedling without Roof is the perfect fit for this age range. The 1-2-3 steps are easy access for children, and are ADA accessible. A clock panel, gear panel, and shapes and objects panel are included for learning. Music is introduced through bongos and a rain wheel. The Discovery Center Seedling without Roof has a straight slide that is the perfect size for kids.
