**Age Group:** 6 to 23 months

**Footprint:** 7' 8" x 7' 10"

**Use Zone:** 13' 8" x 13' 10"

The Discovery Center Seedling with Roof is designed to provide a shady place to play! With the 6-23 month age range in mind, this unit caters to growing minds and bodies through a series of fun elements. The 1-2-3 steps serve not only as an easy way to climb the unit for walkers and crawlers, but an ADA accessible entrance as well. Bongo drums and a rain wheel are post mounted for a musical discovery. A clock panel, shapes and objects panel, and gear panel provide learning during play. A window panel lets kids see out beyond the unit. The Discovery Center Seedling with Roof also has a straight slide.
