Footprint: 1' x 3'

Use Zone: 13' x 15'

Boys and girls will love galloping back and forth on this Pink Pony Easy Rider. There are few things that are happier than a pink pony, and this fun playground activity is sure to bring a smile to many children's faces. It has convenient looped handles on its head which children can grip for stability, as well as places for them to put their feet. This makes it easy to hold on tight so that they stay safe while they ride. The rigid spring which the horse is mounted on is quite durable, allowing it to bend far in each direction, and still spring back into an upward position. This is a great activity for any playground since it is compact, doesn't need much space, and is easy to install anywhere. It is made from durable materials that protect it from wear, tear, and weather.
