

SportsPlay Shade Structure

MSRP \$4,322.00

SALE \$3,631.00

Highlights:

- 8 feet Entrance Height
- Does not include Glide Elbows

This stand alone shade structure is a great addition to any playground for use over equipment or as a shelter from the sun for an outdoor eating area as pictured. The galvanized steel posts provide an affordable shade unit. The fabric is available in 4 standard colors. This large shade unit is great for outdoor seating as shown or over playground equipment. The shade keeps equipment cool and protects skin from UV rays. The fabric comes in red, blue, green, and yellow. This shade structure is great for smaller playground units including sandboxes, slides, and structures. Not only will the shade keep the equipment cool, it will keep children safe from metal burns and UV rays.
