Highlights:

- Adorable pinstriped pattern
- Rectangular shaped awning
- Sturdy center pole
- Shades two seats at a time

There is always concern bringing children to places you are not sure will provide a significant amount of shade. Not only do they get hot with the sun beaming down on them, their delicate skin can be sunburned very quickly. This stylish Bye-Bye Buggy Canopy provides shade to keep children cool and protected from UV rays. The red and white striped breathable Textillence fabric matches the seating in the buggy perfectly for a universal look. The canopy snaps right into place with ease using a single pole, and it is large enough to provide shade for two seats. Therefore, you could add a canopy to the other rows as well, or leave it as an option. At such an affordable price, you do not have to think twice about getting them for all of your buggies. It is a simple add-on that will be greatly appreciated by parents and guardians.
