Looking for something with a new twist on a classic playground favorite? The Circle Cycle is an updated version of a merry-go-round! Four and five seat models are available. A solid steel track allows the wheels to roll easily around as children pedal. A safe handlebar provides a place for children to hold on as they go round. This unit was designed for indoor and playground use. It requires little space and is the perfect unit for limited areas. Choose between yellow, blue, and lime green. Each color features fun vinyl dots on the center unit as an extra decoration. The Circle Cycle is designed for children age 2-5 years. The Circle Cycle comes with 18" Ground Stakes for more mounting options.
