Children ages 18 to 24 months will love zooming around on the Tortoise Ride-On by Angeles. This fun scooter is shaped like a tortoise with a comfortable place to sit in the middle, as if the child is riding on the tortoise's back. The bright green color is eye catching. With heavy duty wheels, this is equipment that will last as children ride on a variety of surfaces. Two handles give children a place to hang on to while scooting around on the floor. No longer does the tortoise have to lose the race. Children will enjoy seeing just how fast they can go! The Tortoise Ride-On is composed of one piece of lightweight, durable, molded plastic. The detail on the ride-on jump starts imaginations during play time. The wide base helps prevent tipping, adding to the safety of the unit. The Tortoise Ride-On can be ridden indoors or outdoors.
