Use Zone: No use zone required.

The Easy Shot is the perfect way for young children to practice their basketball skills. This unit also promotes cooperative play and social interaction. Hand-eye coordination and gross motor skills can be developed during play. Attach the unit to a car rim and tire for portability or permanently anchor the Easy Shot in place! Choose between a 4 foot high unit or a 6 foot high unit. The goal is metal with a regular net. Children will love learning to shoot a basketball with the Easy Shot goal. In-ground mounts are now included along with the full package for no additional cost.
