ADA Compliant

Frolic through the Poppy Fields Play System. Decorated with four Lotus Leaf Toppers, this structure is a sight to behold. Looks aren't the only thing it's got going for it with a slew of ground activities that give children choices around every corner. The Store Panel, on the ground, is an imaginative haven where kids can open their own business and make a pretend living. The Rock Hole Climber not only allows access to the higher decks but creates a climbing challenge with its rock-like footholds. The two unique slides emerge from the system and are begging to be played on. The Double Slide can be enjoyed by two eager kids and the Right Turn Slide is a shorter but simpler ride back to solid ground. The Poppy Field play System is a child's gateway into a magical and option-filled world.
