Use Zone: 40' 9" x 51' 8"

COMPLIES With:

ASTM F1487-17

CPSC PUB #325

ADA Compliant

Happy trails will follow all those that trek the Timberland Trail Play System. Little explorers from all over will love the varied slides, multiple activity panels and jungle themed equipment. Separated into two little islands of fun, children will be anxious to swing across on the 90-Degree Overhead Swinging Ring Ladder back and forth. On one island, they will be faced with a 7-foot Spiral Slide and a Net Climber that they will climb up and down for hours. The Tic Tac Toe Panel can be shared with a friend or they can open a shop at the Store Panel. They might just want to give the Rain Wheel a spin, too. On the other island, they can begin their adventure with a gentle walk up the Elephant Stairs. The Straight and Zig Zag Slides add some excitement as children barrel down them. If they want to ride again, they can scale the Jungle Climber to get back on top. Add different shades to their fun by choosing any of our custom colors for the powder coat painted galvanized steel posts and rotationally molded plastic pieces.
