Fall Height: 84"

Use Zone: 37' 1" x 44' 3"

COMPLIES With:

ASTM F1487-17

CPSC PUB #325

ADA Compliant

Children will take their play to new heights on the Jumblin' Jamboree Play System. The Tree Toppers and Leaf Roofs set the tone for a jungle party play area. Rainforest fun continues with the 90-Degree Overhead Swinging Ring Ladder and Palm Tree Topper at the start that is worthy of the Monkey Topper perched on one of the posts. As children reach the 3-foot deck height they can quickly return to the ground on the Straight Slide or choose to venture further in through the Inclined Tube Bridge. As children exit their passage, they realize that they are part of an upward climb with multiple slides to explore at first a 4-foot, then a 5-foot and finally a 6-foot height. The Zig Zag Slides give children a bit of a thrill as they swish to the ground. Elementary school children will be captivated by the number of fun activities both at ground level and above. Add to their playground experience by choosing any of our custom colors when ordering this structure.
