### COMPLIES With:

ASTM F1487-17

CPSC PUB #325

### ADA Compliant

The Avalon Hill Play System is a jack of all trades and a master of them too. If climbing, swinging, hanging and sliding are something you think children would enjoy, you have come to the right place. This diverse structure is littered with activities and panels that are fit to keep kids occupied for hours. Bongos, a Single Drum, a Store Panel and a Bench Panel make up the ground level; each bringing unique fun to this already awesome play system. There are several ways to get to the second level like the ocean-themed Sea Creature Climber, the Inverted Arch Ladder and the Straight Swinging Ring Ladder. Once elevated, kids gain access to the Tic Tac Toe Panel, Bubble Panel, Straight Slide and Spiral Slide. These slides provide an adrenaline pumping descent back to Earth and then the exploration begins again. The Avalon Hill Play System has a variety of activities sure to dazzle those playing on it.
