**Use Zone:** 26' 2" x 37' 1"

### COMPLIES With:

ASTM F1487-17

CPSC PUB #325

### ADA Compliant

Tumble Town Play System offers so many activities that kids will tumble over themselves for a chance to play. Designed for either preschoolers or a range of elementary school age children, Tumble Town has a bit of everything for everyone. A Wavy PE Rock Climbing Wall is just one of the many places children will scamper up the structure. The Pod Climber provides wide handle holds for those that need a bit of reassurance as they climb, while the Sea Creature Climber brings whimsy to the playground. The Bongos and Single Drum are areas that children can create their own soundtrack to their play. As a pair of children have a musical showdown, their friends will be shooting down one of the two slides on the structure. Children can race down the Double Wave Slide to see who is faster or just enjoy a gentle ride down the right turn slide. Whatever they choose to do, the Tumble Town Play System will add to their fun!
