ASTM F1487-17

CPSC PUB #325

ADA Compliant

The Portobello Road Play System is a long street with lots of fun pit stops. The layout of this unit is purposefully elongated to encourage total exploration. The ground is comprised of A Bench Panel, Store Panel and Ship's Wheel. All these panels bring something uniquely fun to the table. The Bench Panel is for relaxing, the Store Panel is for creativity building and the Ship's Wheel turns children into a commander of the high seas. Two different slides call the Portobello Road Play System home. At 3-feet tall, the Right Turn Slide curve out of the structure groundward. It is a welcoming adventure for younger kids who prefer a smaller ride. The end of the unit is where the larger Double Slide sits. Able to hold two kids at once, it is sure to become a playground favorite.
