### COMPLIES With:

ASTM F1487-17

CPSC PUB #325

### ADA Compliant

The Seaside Manor Play Structure is a vacation brought to you. This unit provides cognitive and physical benefits to any child from toddler to early middle schooler. Running up the structure, gliding down the Left Turn Slide or Wave Slide and then repeating the process offer many physical boons. The cognitive workout comes from the inclusion of the Ship's Wheel and Figure Climber. The Ship's Wheel is the ideal creative nudge into a full-blown imaginative world. Kids can pretend to be steering through an arctic sea while dodging glaciers or piloting their very own speed boat. The Figure Climber teaches children about numbers while they exercise their gross motor skills. Each handhold is decorated with a plastic number so that kids can climb and count at the same time! The Seaside Manor Play Structure may be small in size, but is big on learning through play.
