COMPLIES With:

ASTM F1487-17

CPSC PUB #325

ADA Compliant

The Carrot Crop Play Structure is a vegetable color themed structure that even the pickiest children will enjoy. Not only does it embody healthiness in its look, but it will also encourage it through the various physical activities it offers. The climbing section on the far end features an Overhead Straight Swinging Ring Ladder and Overhead Straight Rung Horizontal Ladder that leads to the rest of the structure. On the other side is a Wavy PE Rock Climbing Wall. With the Inclined Tube Bridge kids will crawl through to the other side. The Straight Slide and Spiral Slide will allow kids to swoop to the bottom where they will find more activities such as the Store Panel, Bongo Drums and Ship's Wheel. This structure is decorated with Lotus Toppers to complete the carrot-look. The Carrot Crop Play Structure is shown in orange and green colors, but you can choose from our range of colors to make it unique to your playground.
