### COMPLIES With:

ASTM F1487-17

CPSC PUB #325

### ADA Compliant

Why complicate fun when you can play on the Blue Plus Two Play System? This structure is less intimidating than other systems making it a perfect fit for kids of a younger age and smaller size. Its welcoming design invites kids to play at their own pace. The Pea Pod Climber creates an entrance on the back-end of the unit providing more accessibility. The Tic Tac Toe Panel rewards those who have trekked up the Blue Plus Two Play System. Once elevated, the best way down is undeniably one of the two slides; the Right Turn Slide and the Straight Slide both provide a different but fun experience. They are both made of rotationally molded plastic designed for a slick, uninterrupted glide to the ground. The posts are made of galvanized steel that is sure to prevent weather based damage and hours of rough play.
