COMPLIES With:

ASTM F1487-17

CPSC PUB #325

ADA Compliant

The Carnival of Sorts Play System is a playground and jamboree all in one. This is a smaller structure that will provide a lot of fun for children at your park, school or daycare. To enter the structure children can climb using the Inverted Arch Ladder, Snake Climber, Vertical Ladder or Transfer Station - all of which will exercise their core muscles. Once on the deck they can play with the Gear Panel or challenge each other on the Tic Tac Toe Panel. Then they can slide down either the Double Slide or Right Turn Slide. Once they reach the ground they can enjoy the Ship's Wheel, turning it as they pretend to be navigating a ship. This structure can be custom colored in your choice of colors, making it your own personal carnival in your park.
